

CUSTOMER STORIES

AN EXPERIENCED ALLOYS SUPPLIER YOU CAN COUNT ON UNDER REAL-WORLD CONDITIONS

Shorter lead times and immediate availability help you keep commitments to your customers.

CHALLENGE

Delays in the availability of critical alloys can hold up entire programs resulting in customer dissatisfaction—or worse.

SOLUTION

Isabellenhütte offers several smart and time-tested programs that allow our customers to keep their promises and attain excellent reliability in supply chain availability and pricing. **These programs include:** Stocking programs, Consignment inventory, Same or next day delivery, Stock of standard types K, N and J solid wires and stranded constructions, Long term programs that temper pricing in fluctuating metal markets

APPLICATION

All customers dependent on the reliable supply of advanced alloys.
